

CME PROGRAM EVALUATION FORM
The Diagnosis and Treatment of MPS II (Hunter Syndrome)

Effectiveness Measurement

After viewing this activity, are you able to recognize the initial presenting signs and symptoms of MPS II and how the disease manifests itself in multiple bodily systems?

How will you identify diagnostic mechanisms and laboratory testing for confirmation including genetic counseling?

How will you implement management and treatment plans for the patient with MPS II, employing a multi-disciplinary approach?

In addition to the changes to practice described above, please indicate any additional changes that you intend to make based on the information received from this activity.

If this education intervention did not fulfill your educational needs, how could future activities address your needs better?

Was the format of the activity appropriate for the educational objectives listed?

- Yes
- No

If no, what format would be better suited for this educational intervention?

- Didactic Lecture
- Case-based discussion
- Debate
- Q/A /Panel Discussion
- Interactive ARS System
- Hands-On Training (simulation/cadaver)
- Enduring Material (online/printed/CD)
- Other

Disclosure / Perception of Bias

Disclosure of commercial support (if any) was clearly communicated.

- Yes
- No
- Not Applicable

Disclosure of relevant financial relationships of faculty were clearly communicated

- Yes
- No

If disclosure of either relationships or commercial support was unclear, how can this information be more clearly presented?

Faculty disclosed when they discussed unlabeled or unapproved uses of drugs or medical devices.

- Yes
- No
- Not Applicable

The activity was free of commercial bias.

- Yes
- No

If you perceived commercial bias in the content or presentation of this activity, please give a detailed account, including the name of the presenter and nature of the perceived bias.

Needs Assessment

Please indicate what knowledge gaps, practice gaps, or patient health issues you have encountered in your own practice or in the profession that the NYU Post-Graduate Medical School could address with continuing medical education initiatives.

Activity Preference

What is your preference for CME activity format?

- Live Program
- Web-Based Enduring Materials
- DVD Enduring Materials
- Printed Enduring Materials
